North to Town 164 km

Buying your ASA Club Membership is your ticket to unforgettable snowmobiling this season. The regular price for a Trail Pass is \$90, however, if you purchase prior to January 1, the cost is only \$80. Day Passes are \$25 each. The least expensive trail passes in Canada! Your membership Trail Pass investment is used by the clubs and the ASA to maintain, build, sign, and improve the trails on which you ride.

WHY BECOME A MEMBER?

Here's where your money goes:

Club Trail Operation and Development

Approximately 75% of the trail pass revenue benefits the club where you ride... "Buy Where You Ride".

Funds are used for expenses ranging from fuel and insurance, equipment repair and signage, maintenance, bull-dozing, grading, brushing and clean up. The revenue even finances groomers.

Reinvestment by the ASA — Revenue received by the ASA is reinvested in a broad range of provincial programs to promote safe and environmentally responsible recreational snowmobiling, to provide strong leadership and support to member snowmobile clubs and set policies and strategies for the development of a system of safe trails. Programs are developed to benefit clubs and members alike. The remainder sustains the ASA itself.

Memberships and Day Passes are available at Northern Yamaha, True North Ford, and HL Motor Products.
